Form Preview

Eligibility- NSW Applicants Only

* indicates a required field

NSW Wildlife Friendly Vets - Small Asset Grant 2021

The key goal of the grant program is to enable veterinary organisations (clinics, mobile clinics and hospitals) that support wildlife rescue and rehabilitation to **acquire an incubator/humidicrib** to be used in the treatment of native animals.

The program aims to achieve the following outcomes:

- Increase the number of wildlife that can be successfully treated in veterinary organisations in NSW.
- Decrease the cost of providing wildlife care to the vet practice.

The total amount of funds available for allocation under this grant program is \$50,000. Funds for this round are intended to be spent during 2021/2022 financial year (to June 30 2022) and will be allocated according to demonstrated need.

There is a maximum limit of \$3,000 per application. Organisations can apply for the cost of one incubator only, up to the maximum amount.

Please note: If successful, payment will be made by FNPW after purchase is made and receipt is uploaded in your Milestone 2 obligation.

Funding is provided through the Wildlife Heroes project, supported by the New South Wales Government through its Environmental Trust.

Priority will be given to:

- Organisations that have not previously received funding from FNPW
- Organisations that treat a large volume of wildlife annually
- Organisations that are willing to participate in a future data collection trial for wildlife rescue through the Wildlife Heroes program.

Please see the grant guidelines for further information. <https://wildlifeheroes.org.au/nsw-wildlife-heroes/>

Applications are open until February 18th, 2022 at 5pm.

The following documentation is needed to complete the application: • ABN or ATO supplier form; • Bank details; • Quote for incubator / humidicrib (including GST)

THIS FORM IS FOR NSW WILDLIFE FRIENDLY VETS APPLICANTS ONLY.

Veterinary organisations can register to become a Wildlife Friendly Vet in order to be eligible for funding (see <https://wildlifeheroes.org.au/nominate-a-vet/> for registration)

If you are in a state outside of NSW please check the Wildlife Heroes website <https://wildlifeheroes.org.au/funds-and-grants/> for future grant rounds that may become available in your area.

Applicants Eligibility:

Applicants will be eligible for funding if they are:

- A veterinary clinic, mobile clinic or hospital in NSW registered as a Wildlife Friendly Vet through the Wildlife Heroes project (see [here](#) to register)
- Have the endorsement of the organisation's owner, practice manager, senior staff member or equivalent.

Applicants will not be eligible for funding if they are:

- Not registered as a Wildlife Friendly Vet clinic through the Wildlife Heroes project
- Based outside of NSW
- The application is not endorsed by the organisation's owner, practice manager, senior staff member or equivalent.

All applicant groups must also meet the following grant criteria:

- Have a current ABN and associated bank account
- Have no outstanding grant reporting requirements with FNPW or NPWS, or money owing to either organisation.
- Have a valid quote for the wildlife incubator/humidicrib that they wish to purchase at the time of application
- Be able to obtain their chosen wildlife incubator and submit a final report by 30 June 2022. Extensions for acquittal will not be granted.

Applicants MUST be able to comply with the following Milestone dates:

- Milestone 1 - Contract signing: by **April 1st 2022**
- Milestone 2 - Purchase of incubator/humidicrib and upload of receipt and invoice: by **April 29th 2022**
- Milestone 3 - Final grant report including photos and a story about the asset: by **June 30th 2022**

If you have any questions regarding the eligibility criteria, please contact:

wildlifeheroes@fnpw.org.au

Confirmation of Eligibility

I confirm that the applicant ...

- Has read and understands the program guidelines.
- Is a registered, practicing veterinarian or is a staff member working for a licensed veterinary clinic or hospital based in NSW.
- The veterinary clinic, mobile clinic or hospital applying has signed up as a Wildlife Friendly Vet through the Wildlife Heroes project.
- Has sought endorsement of their application by the practice manager, owner or senior staff member of the organisation applying.
- Is able to demonstrate their experience treating native wildlife.
- does not owe any reports or money to **FNPW or any state regulatory body** as a result of previous funding or grants.

- Other:

We understand that information about wildlife assessments and admissions are often not readily available within veterinary organisations. Through the Wildlife Heroes project we are working with NSW National Parks and Wildlife Service and other partners to look at future opportunities to increase data collection of wildlife by vets and carers.

Would you be willing to participate in a future data collection trial for wildlife rescue through the Wildlife Heroes program?

- Yes
- No

Assessment criteria

Why does your organisation need an incubator or humidicrib? *

Word count:

Must be no more than 200 words.

Describe the specific needs that will be met by this asset.

How will an incubator or humidicrib increase your capacity to treat wildlife? *

Word count:

Must be no more than 200 words.

Include the benefits to wildlife you are treating with the asset.

Financial information

* indicates a required field
